

Wirth M. Munroe
Miami to Palm Beach Yacht Race

The Sailfish Club of Florida is pleased to host the 61st annual Wirth M. Munroe Race on Friday, December 1, 2017. The 60-mile course, which begins off Government Cut in Miami and finishes off Palm Beach Inlet, is a true test for sailors of all stripes, from grand prix racers to club racer-cruisers. All entrants will be rewarded with the legendary hospitality of the Sailfish Club of Florida and will have the opportunity to attend the post-race buffet dinner and awards ceremony.

Once again this year, the Sailfish Club of Florida will partner with the Storm Trysail Club in sponsoring this historic race. We are pleased to welcome the Biscayne Bay Yacht Club to the Organizing Authority and are grateful for its continued support in hosting our skippers meeting on Thursday, November 30, 2017.

The Sailfish Club of Florida welcomes the SORC in their race management role. Principal Race Officers this year will be Carol Ewing of the SORC and a representative from the Sailfish Club of Florida to be named shortly. Scores from the race will be used by the SORC in determining the winners in its "Islands in the Stream" race series, which includes the Wirth M. Munroe Race, the Miami to Nassau Race, the Lauderdale to Key West Race and the Miami to Havana Race.

The Sailfish Club of Florida will again offer IRC boats the opportunity to compete in buoy racing off Palm Beach on Saturday, December 2, 2017 should sufficient interest exist.

Please join me, along with Bill Moriarty, the Southern Station Fleet Captain of the Storm Trysail Club, and Bruce Harper of the Biscayne Bay Yacht Club, in supporting our 2017 Wirth M. Munroe Race. Sign up now, and kick off the winter season with great racing and great hospitality!

Tom Bowler
Wirth Munroe Race Event Chairman
Sailfish Club of Florida
